Farmanieh, Tehran

EXPERIENCES

Interior Designer & Graphic Designer

Archnilin

1404/07 - 1404/12

OFFICE PROJECTS

Mobile Phone Store Interior Design

Tools: 3ds Max - Vantage

1404

A retail store located in a commercial complex in northeast Tehran. The interior design, color palette, and overall concept were inspired by the store's branding and tailored to the client's functional and aesthetic requirements.

Preview

Jewelry Store Interior Design

Tools: 3ds Max - Vantage

1404

A jewelry store inspired by the iconic Tiffany aesthetic. The space features a minimalist showcase design, with dedicated areas for customer seating and a secure storage room, reflecting the client's business needs.

Preview

Bespoke Menswear Store Interior Design

Tools: 3ds Max - Vantage

1404

A luxury retail space designed for a bespoke men's tailoring brand. The interior follows a classic style, combining elegance with functionality to match the client's vision.

UNIVERSITY PROJECTS

Visual Arts Cultural Center with a Climate-Responsive Contextual Approach

Tools: ChatGPT - Grok

1404

A master's architecture project where AI was used for concept generation, design development, and architectural visualization.

Preview

Commercial and recreational complex with an emphasis on green architecture

Tools: Modeling (Revit) - Planing (Atocad) - Sheet Layout (Photoshop)

1403

A mixed-use complex designed with a focus on green architecture. Solar panels provide part of the building's energy, and a vertical garden enhances the link with nature. Using wood and concrete materials, the design blends modern aesthetics with sustainability.

Preview

Residential complex

Tools: Modeling (Revit) - Planing (Atocad) - Sheet Layout (Photoshop)

1402

A mixed-use residential and commercial project designed with an economic and modular concept. Three unit types were designed and repeated across ten floors to create a cost-effective and efficient structure.
